Forensic movie amazon prime release date

Forensic streaming rights acquired by Amazon Prime; Ready to start streaming soon! Tovino Thomas starrer 'Forensic' was having a fabulous run at the box office when theaters had to close due to the lockdown. Those who could not watch the film even after hearing all the positive response were extremely disappointed. To their delight, the producers announced that streaming giant Amazon Prime brought the rights to the film. It will be available online for the legal watch from May 1st. 'Forensic' directed by debutantes Akhil Paul and Anas Khan is an investigative thriller focused on a series of child abductions and killings. What made the film stand out from other regular thrillers made in Malayalam is the way forensic science and its possibilities were explored. It was the film's USP and most critics praised the authenticity with which it was presented. 'Forensic' has Tovino Thomas who has played the leading role of medical legal advisor. Manita Mohandas plays a character just as important, an IPS officer leading the investigation. Reba Monica John, Renji Panicker, Prathap Pothen, Rony David, Dharmesh Arand, Anwa Sherif, Srikanth Murai, Giru John and many others are also part of the cast. 'Forensic' grossed around Rs 20 from the world box office before being withdrawn from theaters. The film was produced by Navis Xaviour and Siju Mathew under the banners of Juvus Productions and Raju Mallath's Ragam Movies.
